Let's write the future?

OUR AIM

CONTRIBUTE TO THE BANK OF TOMORROW

Both employees of Societe Generale for the past 13 years, we apply for the position of Director Representing the Employee Shareholders. The banking sector is evolving, as are the aims of the bank and the objectives of its employees. Our current positions also attest to the transformation underway in our company. It is necessary to serve everyone's interests in order to move forward together over the long term.

BY SUBMITTING OUR CANDIDATURE, WE BRING OUR COMBINED KNOWLEDGE OF THE GROUP, BEING EACH ONE'S COMPLEMENTARY TO THE OTHER:

Jérôme LEPAGNOL (49 YO)

INCUMBENT

CREDIT RISK MODELLING - DATA SCIENCE

- Working with central management through the systems, processes and organization (HR functions, Finance, Risk, Compliance, IGAD and all IT departments)
- Knowledge of subsidiaries, mainly GBIS internationally for merger and aquisition projects (SGLB, SGBT, SGUS, etc.)
- Good anchoring points in our subsidiaries in France (Boursorama, CdN, SGFI, Franfinance, etc.)
- A fluent relationship with supervisors and regulators: cybercrime and information systems, risk management, etc.

Caroline LE VAILLANT (36 YO)

SUBSTITUTE

BUSINESS DEVELOPMENT & PARTNERSHIP - LUMO

- A combination of experiences acquired at the head office with a fluent interaction with the international branches and subsidiaries: Cash Management and Payments (GTPS)
- Missions within numerous BU/SU: process digitalization, change management, strategic analysis, CSR strategy, BDDF transformation (PRIV, SEGL, DGLE, GBIS, BDDF, etc.)
- And a great knowledge of the field, coming from our experience of running different distribution networks of the group on a daily basis (PRIV, BDDF, CdN)

OUR CHALLENGES

1 EMBODY THE BANKING BUSINESS OF TOMORROW

The transformation of the banks will lead us to changes in our operational and organizational models. Aware of these changes, we need to be at the core of the reflections for defining the business we will be operating in tomorrow.

TO LEARN MORE

2 ENSURE A DIRECT LINK BETWEEN THE FIELD AND THE BANK'S GOVERNANCE

In close liaison with employees, we participate in the release of initiatives by creating a channel of communication from the employees to the Board of Directors. An ethical, responsible and unbiased link to better work together.

TO LEARN MORE

3 RECONCILE THE STRATEGIC OPTIONS FOR WORK REMUNERATION & RETURN ON CAPITAL

We wish to work for the common good, choosing options that respect our environment and recognize the commitment and work of our employees.

Our objective is both to bring value to our customers while rewarding our shareholders with the expected profitability. We believe that this is possible and that it can be built over the long term.

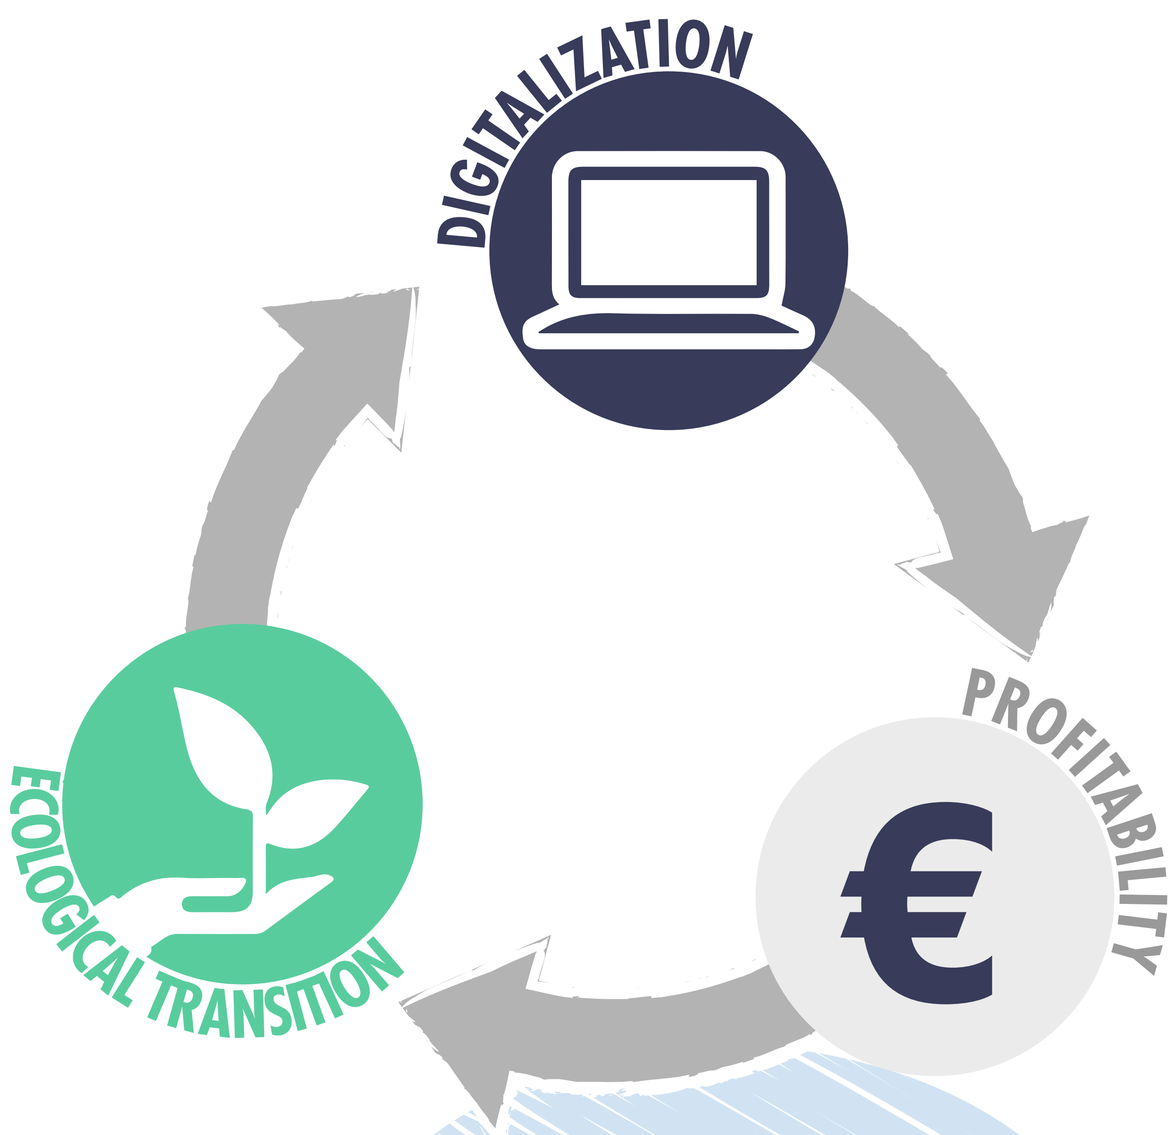
LET'S PREPARE THE FUTURE

1 EMBODY THE BANKING BUSINESS OF TOMORROW

The transformation of the banks will lead us to changes in our operational and organizational models. Aware of these changes, we need to be at the core of the reflections for defining the business we will be operating in tomorrow.

WE WISH TO SUPPORT THE BANK AND ITS EMPLOYEES IN ORDER TO ADRESS THE CHALLENGES THAT LAY AHEAD:

- The digitalization of our offers and the development of non-banking services
  ➔ Meeting our clients' expectations for diversification
- Data processing and analysis in order to provide value-added services
  ➔ Personalize the services offered to our clients and guarantee their security
- Technological innovation to support new business lines and new working methods
  ➔ Value the employee in his/her role for Societe Generale
- The ecological transition with changing consumption patterns and environmental concerns present in all sectors
  ➔ Find the right balance between digital transition, ecological transition and profitability
- The bank's leading position in its key markets and products
  ➔ Ensure Societe Generale's place of choice in a banking sector that aims to concentrate



TRANSFORMATION
CUSTOMER RELATIONSHIP
INNOVATION
OPEN BANKING
BIG DATA
ARTIFICIAL INTELLIGENCE
ECOLOGICAL TRANSITION

CREATE A LINK AND OVERCOME THE DIVIDES

2 ENSURE A DIRECT LINK BETWEEN THE FIELD AND THE BANK'S GOVERNANCE

In close liaison with employees, we participate in the release of initiatives by creating a channel of communication from the employees to the Board of Directors. An ethical, responsible and unbiased link to better work together.

SPECIFICALLY, WHAT IS IT ABOUT?

We are working on an independent application accessible to all Societe Generale's employees, (current and future shareholders), which allows to:

- **Gather the employees' thoughts and ideas** and convey them with a single and unified voice to the Board of Directors
- **Quickly share the information** collected and available with the employees

3 RECONCILE THE STRATEGIC OPTIONS FOR WORK REMUNERATION & RETURN ON CAPITAL

We wish to work for the common good, choosing options that respect our environment and recognize the commitment and work of our employees.

Our objective is both to bring value to our customers while rewarding our shareholders with the expected profitability. We believe that this is possible and that it can be built over the long term.

SPECIFICALLY, WHAT IS IT ABOUT?

- **Measure the profitability** and performance of decisions made in the past in order to better make our future choices
- **Pursue the development** of Societe Generale's expertise, which makes this group unique in its ecosystem
- **Build a permanent dialogue** with all stakeholders (Customers, Markets, Suppliers, Regulators, Colleagues, Shareholders, Employees and IRP)
